State why the information is a "trade secret:"

Since the design is a basis from which future products will evolve, IOTEAM S.r.l. considers that this information would be of significant benefit to its competitors and that disclosure would give competitors an unfair advantage in the marketplace.

Trade secret" information is information which is not generally known or reasonably ascertainable, by which a business can obtain an economic advantage over competitors. The information is not normally released to any party or person outside the company.

Sincerely,
